

Safety is one of the four core values of CHS. This CHS Propane Safety Reimbursement Program allows us to extend that value to our marketers. The program is designed to assist your company in meeting your propane safety and training goals. CHS provides financial reimbursement for safety communications and safety-focused expenses. Our goal with the program is to provide reimbursements to support safety beyond compliance.

What's Included

- Community Training
- Safety Materials
- Propane Safety Sessions at Equipment Roadshows
- PERC Training Materials
- Marketer Safety Equipment
- Custom Safety Programs

How It Works

The CHS Propane Safety Reimbursement Program allows CHS propane marketers to apply for annual reimbursements of qualified safety-related expenditures to an amount that is equal to \$0.001 (one tenth of a cent) per gallon multiplied by the total quantity of propane purchased from CHS throughout its fiscal year of September through August.

For more details and information on the CHS Propane Safety Reimbursement Program, visit the Propane Control Room on myCHS.com and under programs, select the CHS Propane Program Book.

Types of Reimbursements

Safety Materials

The Propane Education & Research Council (PERC) produces several helpful educational materials about propane safety. Examples of these materials include the Propane Safety Booklet and the Important Propane Safety Information for You and Your Family.

Community Training

CHS Propane will provide matching funds up to \$1,000 for the cost of propane setup, and/or materials used to train local fire departments and emergency response teams, including police and EMTs. Training can involve live burn demonstrations and rollovers of bobtails/transports.

Marketer Safety Training

Propane Safety Sessions at Equipment Roadshows

CHS Propane will provide marketer employees a reimbursement of \$100 per person, with a maximum of \$1000 to use toward travel and accommodations for attending propane safety sessions at CHS Safety Roadshows occurring at various times and locations.

PERC Training Materials

CHS Propane will provide reimbursement for expenses related to PERC Safety Trainings such as the Certified Employee Training Program (CETP), and/or PERC Dispensing Propane Safety Program.

Marketer Safety Equipment

CHS Propane will reimburse for specific safety equipment purchased via our [e-commerce site](#). Qualifying items include Leak Check/Test/Detection Equipment, CGI/CGD, LP Tank Monitors, PPE, Euro Connect Autogas Nozzles, Vapor Meters, and more.

Custom Safety Program

CHS Propane will reimburse for a custom safety program developed by the marketer. Marketers must prepare a proposal and submit to CHS Propane Safety for approval by July 1st.
